

WHITTIER STREET HEALTH CENTER IS PROVIDING COVID-19 TESTING FOR ALL WHO MEET THE CURRENT DEPARTMENT OF PUBLIC HEALTH GUIDELINES:

- We will test you for COVID-19 if you have fever, cough, or trouble breathing. You should also tell us about chills, shakes, muscle aches, headaches, and sore throat, or if you can't smell or taste.
- If you have a health condition such as asthma, chronic lung disease, diabetes, extreme obesity, cirrhosis of the liver, heart condition, other health conditions or a physician's order, we will take care of you.
- Some jobs, such as grocery store clerk, car service driver, or home health aide, make it easier to get COVID-19. If your job puts you in contact with a lot of people or sick people, we may want to test you even if you don't feel sick.
- Anyone can call us, whether they are a patient at the health center or not. If we think you might be sick with COVID-19 and need a test, we will take care of you.

Note: These rules could change. If they do, we will let you know.

COVID-19 TESTING AT WHITTIER STREET HEALTH CENTER IS FREE AND OPEN TO ALL! HOURS OF OPERATIONS: MONDAY TO FRIDAY: 9AM TO 5PM AND SATURDAY: 9AM TO 4PM AT 1290 TREMONT STREET, ROXBURY

CALL 617 427 1000 FOR AN APPOINTMENT.
WE WILL ALSO ACCEPT WALK-INS.

WE ARE ALSO OPEN FOR NON-COVID-19 MEDICAL CARE, EMERGENCY DENTAL ONLY AND TO PROVIDE SOCIAL SUPPORT.
